

## Lyrics to "Rain Stick, Rain Stick"

by Tim Lamar

I hear the rain falling  
Flowing all around

I am a child of ECK  
Imagining the Light and Sound

And in this moment  
I'll be dancing to a happy tune

(Chorus)  
Rain stick, rain stick  
Shake it all around  
Rain stick, rain stick  
Wonderful sound  
In a circle of Love  
I have found  
HUUU...

I can see a blue star  
Above a shimmering sea

I can hear the tall grass  
Murmur to the fields and streams

And in this moment  
I'll be dancing to a happy tune

(Repeat Chorus)
